

Legal Counsel for Innargi

Are you looking for an opportunity to apply your legal skills across multiple disciplines in the legal team of a renewable energy company?

Do you thrive working in a quickly changing but supportive and professional environment?

As Innargi's new Legal Counsel, you will play an active role in building the backbone of our legal team - and as we continue our growth, you will have the opportunity to develop your corporate legal profile.

We offer

Innargi is a geothermal company delivering energy for heating, founded in 2017 by A.P. Moller Holding and today jointly owned by A.P. Moller Holding, ATP and NRGi.

We are a small entrepreneurial and highly energised organisation. We work hard and we have fun doing it. As a team, we see our different backgrounds and experiences as a genuine source of strength, and we respect each other's technical and functional competencies. Our structure is lean and flat. We believe strongly in value creation through empowering our employees, and you will have significant independence to impact your role, as well as be expected to collaborate across disciplines. The team is small and agile with a variety of tasks to carry out, and we pull together to accomplish our goals. You will join a dynamic and growing company, where you will help shape and develop our business as a whole.

Job description

As Legal Counsel, you will report to our General Counsel and play a key role in supporting our day-to-day business. You will be working either independently or with a colleague on a wide range of assignments, including consultancy agreements, corporate tasks, and governance across our project companies in several jurisdictions, insurances, NDAs, compliance, etc. You will also take part in structuring the workflows in the legal team to ensure scalability to support our growth.

The position as Legal Counsel will be based in Lyngby, Denmark.

We are looking for

Our Legal Counsel must hold a master's degree in Law and should have minimum 3 years' experience working either as in-house legal counsel or as an (assistant) attorney. Experience from working with compliance or corporate and/or commercial law is preferable. We are looking for a colleague who:

- Is confident working in a small legal team to support colleagues across multiple functions,
- Is an active team player, and
- Has an eye for structuring, organising and scaling legal processes.

About us

As Global warming continues to impact climate change, it's time to rethink the way we heat our urban buildings. Innargi wants to heat millions of urban homes while leaving zero impact on our planet by unearthing geothermal energy.

Our natural world is precious, and we can all make small changes to the way we live. But what our climate really needs is change at scale. Solar and wind have already transformed how we produce energy. What those technologies have done for electricity, geothermal can do for heating.

Innargi has the team to make it happen. With our combined knowledge and expertise on subsurface, drilling, engineering, and energy planning and through close partnerships with local district heating companies, we are in a unique position to turn ambitious plans into real change.

Application

It is a requirement that you have a valid work permit for Denmark, as unfortunately we cannot sponsor this.

Deadline for applications: 17 March 2023. We will continuously review the applications and call for interviews. Please send your application to HR Consultant Cecilie.hansen@innargi.com

For questions or more information about the position, please contact General Counsel, Anne Angaard Nord at anne.nord@innargi.com or +45 30 10 39 09. For information about the recruitment process, please reach out to Cecilie Hansen at Cecilie.hansen@innargi.com.
