

# Communications student at Innargi A/S

Do you want to join a fast-growing renewable energy company powering the way to a greener future?

Do you want to be part of a small, dedicated communications team working with both internal and external communication?

Then you might be our new student assistant.

Innargi is a geothermal company delivering energy for heating, founded in 2017 by A.P. Moller Holding and today jointly owned by A.P. Moller Holding, ATP, and NRGi. We have projects under development at different stages in Aarhus, Copenhagen, Kiel, Berlin, Poznan and Łódź.

Our mission is to heat millions of urban homes while leaving zero impact on our planet by unlocking geothermal energy.

Right now, Innargi is developing and positioning our brand to a variety of audiences. That's why we need you. We are looking for a talented communicator who wants to manage our digital channels, and work with copy writing, content creation, and much more.

Our structure is lean and flat, and you will join a dynamic and growing company, where you will help shape and develop our brand.

## **What we are looking for**

We are looking for a talented communicator who wants to help us make our brand come alive across channels. In your role, you will be part of the strategic development, concrete planning, and development of content across platforms – both in connection with internal and external communications.

The communications team includes internal communication, external communication, community engagement, as well as public affairs and media liaison. As our student assistant, you will assist across these

disciplines while maintaining the external presence of Innargi, specifically our website and LinkedIn presence.

We might be a match if you:

- Study a degree in communication, marketing, humanities, or social sciences that is applicable to digital communication and strategy, copy writing, and content creation.
- Are ambitious and want a role with lots of responsibility.
- Write brilliantly and flawlessly in English (Danish skills is not a requirement). Polish or German language skills are a perk.

### **We offer**

Our communications team is a small, close-knit unit with good colleagues that are passionate about positioning Innargi. You can expect lots of responsibility while getting good sparring and the help you need along the way to learn and grow.

We are a small entrepreneurial and highly energised organisation. As a team, we see our different backgrounds and experiences as a genuine source of strength, and we respect each other's technical and functional competencies.

We are 80 employees but are constantly growing. Currently, our office is in Lyngby, but in March 2025 we will move to Nordhavn.

Working hours will be appr. 15 hours per week. You can start the job either 1 January or 1 February. You can expect flexibility in connection with exams and larger assignments.

### **Application**

It is a requirement that you hold a valid residence and work permit for Denmark, as unfortunately we cannot sponsor or administer this.

**We look very much forward to hearing from you.**

**Deadline for applications:  
9 December 2024**
